Cornelia Svedman, Associate Director, Head of Sale, Impressionist & Modern Works on Paper, commented: “*The Works on Paper Sale saw energetic bidding from new and established collectors across the globe. Leading the sale was a rare work by Oskar Schlemmer, and an important watercolour by George Grosz which only recently came to light after being presumed lost for nearly 90 years. Following the strong result realised for the Franz Marc sold in the Evening Sale, the work on paper by the artist in this sale achieved a record price for a pencil drawing by the artist, nearly tripling the previous world record. We look forward to the next Works on Paper sale which will take place in New York in November.*”
